**APPLICATION FOR PRE-DEVELOPMENT ADDRESS
PHYSICAL ADDRESSING REQUIREMENTS**

The applicant must provide a site plan and driving directions to the parcel with the application. The packet will contain the Parcel ID number, directions to the parcel specifying the exact footage from the nearest intersection street, and the Site Plan along with the completed Pre-Development Address Application.

E9-1-1 GIS/IR Department will then assign a physical address and collect a GPS point for the proposed development and will notify Planning and Development Services of approval or disapproval of the site plan as provided through the technical review process forwarded by Planning and Development Services and will include the development's address on the form.

The following items are needed to obtain a pre-development address only. (Note: The address assigned will be in accordance with the policies of Walton County Planning and Development Services. It is NOT for mail delivery or utility compliance. A permanent 9-1-1 address will be assigned only when a building permit is obtained and construction commences on the proposed property.)

1. A 24" x 36" Site Plan
2. Location Indicator on Site Plan to be addressed
3. Location Map
4. Name of Development

Transportation Concurrency Requirement

All applications for minor and/or major developments must provide a transportation concurrency study in accordance with Ordinance 2007-10, signed and sealed by either a registered Professional Engineer (PE) or signed by a certified planner, American Institute of Certified Planners (AICP), practicing in the field of transportation planning. The transportation study should reference Ordinance 2007-10, Transportation Concurrency Management System Methodology and Procedures.

The developer acknowledges the term of any Transportation Certificate of Concurrency issued by the County as set forth in Ordinance 2007-10, Section 3.01.03, Expiration of Transportation Certificate of Concurrency for Application for Minor or Major Development Approval.

If the development project traffic impacts a deficient segment of roadway, as identified in the County's Transportation Concurrency Management System (CMS), implementation of one or more mitigation strategies as described and identified in the Transportation Concurrency Technical Manual.

Walton County Environmental Assessment

Project Description

Provide a detailed description of the project site, including the project name, driving directions, location, acreage, and a map to the site. The description should accurately characterize the current conditions within the project site (i.e. cleared, vegetated, disturbed, etc.), and portray the development site's current land use, and the surrounding land uses.

Soils

Utilize the United States Department of Agriculture, NRCS Soil Survey data for Walton County to describe each soil type found within the project site. Provide a map illustrating the area of each soil type.

Natural Vegetative Communities - Upland and Wetland

In accordance with Comprehensive Plan Policy C-3.2.7, utilizing the Florida Natural Areas Inventory descriptions, found in the FNAI Guide to Natural Communities of Florida, list and describe all Natural Community types found within the development site, and include a list of the actual species that comprise each community. Provide the acreage of each community type, provide a site map illustrating approximate boundaries, and address preservation per the Walton County Land Development Code and Comprehensive Plan. If preservation is required, please provide a preservation plan that illustrates and quantifies the vegetation community to be preserved.

Wetlands

If wetland areas are present, provide wetland delineation for all wetlands within and immediately adjacent to the development site, including isolated wetlands. Address wetland buffer requirements per Walton County Land Development Code and Comprehensive Plan. Illustrate all wetland areas and wetland buffer areas on the survey and site map.

Threatened and Endangered Species

In accordance with Comprehensive Plan Policy C-3.2.7, request a Standard Data Report from Florida Natural Areas Inventory (<http://www.fnai.org/>). In conjunction with the information obtained from FNAI, perform a site visit to search for any occurrences of Threatened and/or Endangered species within or adjacent to the development site. Provide a radius map and list of species occurring in vicinity of the project. Summarize findings and survey methods. Other references to consult may include the Florida Fish and Wildlife Conservation Commission, United States Fish and Wildlife Service, et. al. If Threatened and Endangered Species are found

within or adjacent to the development site, provide proof of coordination with the Florida Fish and Wildlife Conservation Commission and the U.S. Fish and Wildlife Service to develop a management plan.

Archeological/Cultural Resources

In accordance with Walton County Comprehensive Plan Objective L-1.3, conduct a review of the State of Florida Division of Historical Resources Master Site File for the presence of any known Archeological or Cultural Resource. If the development site has not been surveyed for the presence of Cultural Resources, a licensed archeologist may need to conduct a site visit and provide a Cultural Resources Assessment summarizing their survey methods and findings. If cultural resource sites are located, the applicant must provide proof of coordination (official SHPO letter) with the State of Florida, Division of Historical Resources Office.

Hazardous Materials and Contamination

List and describe any known contamination and/or suspected hazardous materials found within or adjacent to the development site (i.e. any chemicals, containers, dumping of trash, and/or any known sites listed in the FDEP data base).

Conclusion

Summarize findings/results and provide opinions and recommended course of action.

Attachments

Attach applicable maps, surveys, aerial photos, diagrams, and supporting documentation.

PLEASE NOTE: I understand that Walton County has adopted policies regarding the preservation of native vegetation and no clearing of any kind can take place on a development site until the proposed development has been approved for a development order by Walton County or a clearing permit has been issued.
