

Chapter 8: Neighborhood Plan Overlay Districts

8.00.00. NEIGHBORHOOD PLANNING PROGRAM ESTABLISHED

The County hereby establishes its Neighborhood Planning Program as a component of its land use planning and development programs. The Neighborhood Planning Program is primarily aimed at the facilitation and development of small area specific plans. Neighborhood Plans (NPs) shall be incorporated into this Code as overlay districts on the Official Zoning Map (NPODs). All neighborhood plans shall be consistent with the adopted Comprehensive Plan, but may contain additional requirements beyond those found within the Land Development Code and Comprehensive Plan.

8.00.01. Statement of Purpose.

County staff and residents work together to develop a vision for a particular neighborhood or small area, identify issues and implement solutions. The neighborhood planning process empowers neighborhood communities to make the changes they wish to see in their neighborhoods, which helps make Walton Country a better place to live, work and play through the establishment of unique neighborhoods or small areas.

8.01.00. Development of Neighborhood Plans.

8.01.01. *Development of Neighborhood Plans by the County.* The County may choose to prepare and adopt a Neighborhood Plan utilizing Planning and Development Services Department staff.

8.01.02. *Development of Neighborhood Plans by a Developer or Interested Property Owners.* The County encourages the development of neighborhood associations to act as catalysts for local input into the ongoing Neighborhood Planning Program. Residents, neighborhood associations, individual property owners or property owners' associations may utilize an urban planning professional and prepare a proposed neighborhood plan for property located within the Neighborhood Planning Area district for the County's consideration as an overlay district. The applicant, with the aid of an urban planning professional, will be responsible for preparing the neighborhood plan and all supporting information required under this Section as well as responding to additional information requests made by County staff.

8.02.00 Neighborhood Planning Process

8.02.01. *Formation of Neighborhood Planning Group.* The individuals or group investigating the possibility of establishing a neighborhood plan for a particular neighborhood shall be recognized as the Neighborhood Planning Group (NPG) and designate a specified agent who will be the primary contact for the NPG.

8.02.02. *Pre-Application Conference.* After formation, the NPG investigating the possibility of establishing a neighborhood plan for a particular neighborhood shall attend a mandatory

neighborhood plan pre-application conference with Planning and Development Services staff where the NPG will receive detailed information identifying the requirements for establishing a Neighborhood Plan Overlay District (NPOD) and a Neighborhood Plan (NP).

8.02.03. *The Neighborhood Plan Process.* The process of preparing a neighborhood plan involves a series of specific steps and a timeline established to facilitate community involvement in its development. The process is designed to allow a Neighborhood Plan to be prepared and adopted within an 18-month period.

A. *Community Organizational Meeting(s).* In order to facilitate public input into the neighborhood planning process, the NPG proposing the adoption of a neighborhood plan must hold at least one initial community meeting that is advertised and open to the public. The community meeting(s) should identify neighborhood concerns and issues and identify possible solutions to be incorporated into the neighborhood plan.

- (1) An initial community organizational meeting must be held.
- (2) All property owners within the area proposed to be included in the neighborhood plan shall be notified at least 30 calendar days in advance of the initial organizational meeting by certified mail, return receipt requested, at the address listed on the latest approved ad valorem tax roll.
- (3) The community meeting must be advertised in the legal section of the local newspaper at least 14 days in advance.
- (4) Two signs announcing a "Neighborhood Plan" is being proposed shall be placed in highly visible locations within the proposed neighborhood plan boundary. Signs shall include NPG contact information and shall remain until the process is completed.
- (5) The returned receipts, an affidavit of mailing, an affidavit of installation of signs, and proof that the community meeting was duly advertised in the legal section of the local newspaper at least 14 days before the meeting date must be submitted to the county before a proposed neighborhood plan can be considered.
- (6) The initial community organizational meeting may be attended by county staff who will discuss Neighborhood Plans, what they are, what they do, and what is allowed to be addressed in them.
- (7) At this initial meeting a schedule of future meetings will be established and that schedule will be published electronically on the County's website.
- (8) Documentation of Community Involvement Meetings. One or more of the following items shall be submitted as additional proof of community involvement for any meeting held concerning the neighborhood plan:

- (a) Original attendance list for the meeting(s),
- (b) Copy of an audio/video recording of the meeting(s),
- (c) Original minutes of the meeting(s),
- (d) Summary of the issues and concerns discussed at the meeting(s), consideration of possible solutions, and options available for resolution.

C. Additional Community Meetings. Additional community meetings are strongly encouraged to facilitate the planning process and may be held provided electronic notice has been provided at least two weeks in advance of the scheduled meeting. The additional meetings described in this section may be needed beyond those initially scheduled at the Community Organizational Meeting due to emerging priorities or issues that arise as the proposed plan is developed.

D. Ballot of Interest Required after Initial Community Organizational Meeting. Central to the success of citizen-based planning is gauging interest and gathering support for the concept of creating a neighborhood plan. Affected property owners must be notified and be given an opportunity to demonstrate support for investigating the idea of creating a neighborhood plan for their area in order for the effort to proceed.

(1) The Neighborhood Planning Group (NPG) must notify each property owner by regular mail in the proposed Neighborhood Planning Area (NPA) of the initiative to investigate the possibility of establishing a NPA and Neighborhood Plan. County staff may assist with this effort at the direction of the Board.

(2) A Ballot of Interest will be included in the information packet to allow the affected property owners to indicate to the NPG and the county their level of interest in investigating the possibility of creating a formal Neighborhood Plan. The property owner may vote YES to indicate interest in pursuing the idea or NO if not interested.

(3) Ballots must be returned to and received by the Walton County Planning and Development Services Department. The Ballot will clearly indicate a date certain for its return.

(4) The Ballots of Interest will be counted by the Clerk of Courts and the Clerk will certify the percentage of YES votes compared to total votes received from the notified property owners. If over 20 percent vote YES the initiative MAY proceed to the next step. If 20 percent or less vote YES, the initiative DOES NOT proceed in this cycle.

(5) The Planning Department will notify the NPG with the results of the Ballot of Interest vote count by certified mail return receipt requested. If the minimum approval percentage is achieved, the NPG will then provide written notice to affected property owners by regular mail that the Neighborhood Planning process is underway.

E. Final Draft of the Proposed Neighborhood Plan Required. The final draft of the proposed Neighborhood Plan must be complete in order to be considered for adoption in accordance with this Chapter.

F. Timeline Extension Requests. The intent of the neighborhood planning process timeline is to provide a clearly defined schedule for accomplishing the creation and adoption of a Neighborhood Plan within an 18-month period. In the event that the NPG identifies the need to extend the timeline in order to accomplish the required tasks, the NPG may request a one-time 90-day extension of the timeline from the Planning Department. The NPG must demonstrate adequate progress is being made towards plan development when requesting the extension of the timeline. A revised timeline will be established for the initiative upon approval of the request.

G. Recognition of Existing Neighborhood Planning Efforts. The county recognizes that neighborhood planning efforts are already underway in certain neighborhoods and a significant amount of time and effort has been expended toward developing neighborhood plans consistent with the intent of the procedures contained herein. Any group that has undertaken a Neighborhood Plan prior to the adoption of this ordinance may begin the process at Section E. Adoption of Neighborhood Plans, unless they desire otherwise.

H. Adoption of Neighborhood Plans. Once a neighborhood meeting(s) has been held, the community has had a successful ballot of interest returned, and a proposed plan developed, the neighborhood may choose to initiate the process of having Walton County adopt the neighborhood plan as an overlay district in the following manner:

(1) The Neighborhood Planning Group (NPG) must publish a copy of the proposed Neighborhood Plan electronically on the County's website.

(2) A mail out shall be prepared that shall include a ballot allowing the property owner to vote to approve or disapprove the neighborhood plan with a reference to where this Plan is published electronically and a summary of the substantive proposals included within the proposed Plan. The ballot shall state that for the vote to be counted it must be returned to, and received by, the Walton County Planning Department within 30 days.

(3) The proposed neighborhood plan package shall also include a notice of the public hearing dates where the neighborhood plan will be considered by the Walton County Planning Commission and the Walton County Board of County Commissioners, a contact name and number for additional information concerning the plan, and an address where comments concerning the plan may be mailed to the Walton County Planning Department to be presented to at the scheduled public hearings.

(4) The plan must receive a recommendation of approval from at least 66 percent of the property owners who responded with a vote before it may be submitted to Walton County for further consideration for adoption.

(5) After the Walton County Clerk of Courts counts the ballots and certifies the required percentage of voting property owners voting in favor of approval, the NPG may submit to the Walton County Planning and Development Services Division an application for neighborhood plan with the required supporting materials, and the final proposed plan.

(6) Department staff shall review the plan within 30 days for compliance with the Walton County Comprehensive Plan and general consistency with other provisions of the Walton County Land Development Code. The Neighborhood Plan can be more restrictive than the Comprehensive Plan and Land Development Code.

(7) After the review period, the plan shall be scheduled for a public hearing at the next available meeting of the Walton County Planning Commission and subsequent hearings before the Board of County Commissioners. Staff shall provide the commissioners with findings of fact concerning the compliance of the proposed plan with the Walton County Comprehensive Plan and general consistency with the Walton County Land Development Code.

(8) The proposed NPOD must be adopted as an amendment to the Walton County Land Development Code and shall be adopted through the same process as any other amendment to the Code.

8.02.04. Contents of Neighborhood Plans. The proposed neighborhood plan will be prepared by the Neighborhood Planning Group (NPG) with or without Planning and Development Services staff support. During the process of developing the neighborhood plan, the Neighborhood Planning Group (NPG) may use the services of the Walton County Planning Department to assist them in preparing the neighborhood plan in accordance with generally accepted planning principles. The Plan may also be developed by an independent planning professional retained by the NPG. Drafts of the proposed plan prepared by the NPG may be submitted in advance to the Planning Department for review and suggestions. When complete, the proposed neighborhood plan shall include the following elements:

- A. An introductory statement including a summary of the past development patterns in the neighborhood for existing established neighborhoods;
- B. A description of community involvement;
- C. A statement of the community's goals, including defining community character;

- D. An existing conditions map and narrative including an identification of areas requiring improvement and a description of current community assets;
- E. A proposed neighborhood plan map and narrative;
- F. A provision for establishing the vested rights of existing properties, including, but not limited to, a provision that such properties shall be permitted to be reconstructed, as vested, if destroyed by natural causes or other casualty outside the control of the owner of the property.
- G. A list of priorities and identification of possible funding sources, if applicable.
- H. Proposed regulatory language, such language must be consistent with the adopted Comprehensive Plan but may establish neighborhood specific development and design requirements.
- I. Other elements as identified by the Neighborhood Planning Group and approved by the Planning Department;

8.02.05. Amendment of an Adopted Neighborhood Plan. The procedure for amending the Neighborhood Plan shall be the same as the procedure for enacting the Neighborhood Plan.

8.02.06. Neighborhood Plan Overlay Districts Established

Map 8-1 depicts the currently adopted Neighborhood Plan Overlay Districts. These districts shall be considered as overlays to the adopted Official Zoning Map. While consistent with the adopted Comprehensive Plan, these districts may require additional regulation above and beyond what is found within the Land Development Code and Comprehensive Plan. It is the intent of this program to allow neighborhoods to develop in a manner that is unique to that particular place. These additional and unique regulations and requirements are not intended to replace currently adopted Comprehensive Plan and Land Development Code requirements. All current Comprehensive Plan and Land Development Code regulations and requirements apply, unless specifically modified within an adopted neighborhood plan overlay district.
